FOREWORD

Memories of a year at Granite Falls High School resemble the accumulation of material for the scrapbook that has never quite been started. As we look back, we see many experiences: the excitement of a ball game, the late hours of study, and many different happenings.

For the preservation of these and many other memories we present THE GRANITE BOULDER.

A black and white photograph of a group of eleven people, likely a school organization, posed in a library. Five people are standing in the back row, and six are seated in the front row behind a long wooden table. The background is filled with bookshelves. The group consists of four men and seven women. The men are dressed in suits, with one in a light-colored suit and tie, and others in darker suits. The women are wearing a variety of mid-20th-century attire, including blouses, jackets, and dresses. The setting is a library with tall bookshelves filled with books. The table in the foreground is a simple wooden structure. The overall tone is formal and organized.

CLASS HISTORY

We, the Senior Class of Granite Falls High School, will graduate in May with the smallest enrollment ever to graduate. The enrollment of our class is thirty-nine.

The four years we have spent here have been wonderful, although at the time we spent it we didn't think so. We can remember the late hours of study and then just barely making a passing grade on our exams. But there were times that we really enjoyed, such as seeing our teams win a hard-played football, basketball, baseball game. Then we remember when our band first performed at half-time. We were really proud to say we were enrolled at Granite Falls High School.

When we entered G. F. H. S. in a body of eighty-five students, the officers for that year were: Jean Winkler, President; Iris Ann Gilbert, Vice President; and Gene Abernethy, Secretary-Treasurer. In our Sophomore year, we elected: Gene Abernethy, President; Odell Winkler, Vice President; and Jeanette Kirby, Secretary-Treasurer. In our Junior year our class had decreased to sixty members. We elected: Gene Abernethy, President; Jerry Coffey, Vice President; and Dolly Sue Benfield, Secretary-Treasurer. This was the year we had the responsibility of the Junior-Senior Banquet and The Junior Play. Both of these were successful and we still remember the good times we had preparing for them.

Now in our final year at "Dear Ol' G. F. H. S. ", we realize we are about at the end of our school career. Again this year we elected: Gene Abernethy, President; Nell Fulbright, Vice President; and Jeanette Turner, Secretary-Treasurer.

This year we will have our Senior Play and will also be the guest at the Junior-Senior Banquet. The most important thing that we are looking forward to now is graduation. We shall hate to leave the portal of Granite Falls High School, but we are now leaving it to you, Juniors. Let's see you make some "History" too.

CLASS PROPHECY

Oh! Ten Years hence and what a vast change in the lives of the '52 graduates of Granite Falls High School!

Now we can see our fellow classmates as we see them in their present day position.

Gene Abernethy is now running on a Republican ticket for Governor of North Carolina. Those two stars, Jerry Coffey and Dennis Kincaid are now playing professional ball with the Harlem Glob Trotters. Three good Democrats, Bedford Starnes, Wayne Hall, J. P. Bumgarner are the three most successful farmers in Caldwell County. Alice Ann Hayes, Jim Short's wife is busy raising a football team for him to coach. Bud Moore with his 275 pound body is now playing tackle with the Washington Redskins. Perkins Hall is now teaching English at Wake Forest. Gary Coffey is now in partnership with the Mayo Brothers and is the leading physician of the group. Rachel Miller is employed by Macy's Department Store in New York City. I'll bet she loses her job though because she loves her beauty sleep. Randle Poe is now head of the North Carolina Wildlife Resource Commission. Fred Nelson is now a happily married man and has his own Dixie Home Store in Rhodhiss. Morris Henson is now President of Pacific Mills. Max Frye has just come back from Hollywood where he has been painting pictures in Co-partnership with Mr. Walt Disney. Glenn Hentschel just won the Olympic Diving Championship for 1962 for the United States. Bob Watson is playing short stop for the New York Yankees and batted 450 in the World Series last year.

Janette Hollar Marshall, is living in her two room apartment with her husband and four children, Buck Eye, Black Eye, Bat Eye and Black-Eyed Susan. Evelyn Miller is now a singer with the Metropolitan Opera in New York City. Pauline Shull hasn't given up yet; she is still single and still looking. Susanne Teague has joined the "Lonely Hearts Club" since she has become an ole maid. Jeanette Turner who was the brains of our class is now the only woman ambassador from the United States to France. Dot Yount is now operating a large food market off 25th Washboard Boulevard. She grows the vegetables she sells with her own lovely hands. (For romantic close-ups, she uses steel wool).

Emma Jean Yount who married before graduation is very happy in her new home in Fairbanks, Alaska. Mary Stirewalt an English Teacher at Rhodhiss Elementary is soon to be transferred to Duke University. Lura Jean Coffey is now the 330 pound "Fat Lady" in Ringling Brothers Circus. Nell Fulbright is a top star wrestler on T. V. Next week will determine whether she is champion of the world. Juanita Hollar has such a love for animals she is working at the "Bar-X Ranch" hearing cattle for Roy Rogers.

Since Betty Jo Helton has always made such a hit with the men, she has finally landed one, due to the fact that Betty can't cook, she feeds him raw peanuts and green apples. Since Margaret Hoyle has such lovely white teeth and a radiant smile she is employed by the "Rot Em Out Tooth Paste Company". Jaylene Johnson is now 6ft. 3in. tall and is now a player for the House of David Team. Sylvia Kirby has such delicate manners that she has at last won Jerry Lewis' heart and they planned to make their home in Hollywood, California. Betty Jean Kiziah is now operating a team of mules on hers and Radar's one-half acre farm. Joanne Lane is the top Model at Conover Model Agency in New York. How she did it, we don't know but she has come down to a nineteen inch waist. Vonda Carter is bookkeeping at Ivey's Department Store in Charlotte, North Carolina. We are afraid that she will loose her job since she has more interest in her lovely black hair than she has in her business.

Bobby Weaver and Charles Holloway who joined the Navy before graduation are now Commanders of the two biggest vessels of the United States. Gee! Girls! Listen to this! Delma Marshall married one of Hollywood's most famous stars, Tony Curtis, but wait--she has filed for a divorce to marry one of them thar fellers up in the Ozark Mountains. Frank Teague is now manager of all the Dixie Home Stores in North Carolina. Joe Richards is now the very successful business man who owns a chain of Garages in Bumtown. Stewart Hollar our famous comedian of T. V. and radio, has his own television program. He is on channel 44, stations H. 4. N. K. A. D. O. ---R. I. E. T. V.

Do you believe that twenty years will make all this come true? Time will only tell us classmates.
